*Sasol Young Explorer – Frogs* is the second app in the new *Young Explorer* nature series for kids. Colourful, informative and stimulating, *Frogs* introduces young children (3–8 years old) to 55 of the most common and rare frog species found in southern Africa.

The descriptions of the animals – in English, isiXhosa, isiZulu and Afrikaans – are written in easy and accessible language and narrated by professional voice-over artists. There are also calls for all the frogs, except one – the only voiceless species in the region – while videos for 29 species show these delightful creatures in their natural habitat.

‘Quick facts’ about the size, egg type, location and conservation status of each species are revealed by toggling between illustrations of the different features on the screen.

The app includes a play section with four games: puzzles, memory card games, an animal naming game and a nature cleanup game.

There are lots of opportunities to tap, toggle, touch and swipe, listen, watch, and learn. Perfect for pre-readers and young learners, the app will keep kids engaged and help them learn about the fascinating creatures that we share our world with.

## PRAISE FOR SASOL YOUNG EXPLORER – MAMMALS

“My kids really loved it ... fun and easy learning that inspired them to explore further. We really can’t wait for more apps in this series to be published.”  
– *SeTen Blog*

“This is a brilliant app for kids. It is great for vocabulary stimulation and information building! It kept all three my kids – 8, 6 and 3 years – entertained.”  
– *Rabia Mohidien, Speech and Language Therapist*
